The College of Engineering and Physical Sciences Student Council Policy for Accredited Student Organizations

This registration policy is intended to serve as a basis for affording University of Guelph student organizations specific privileges by an affiliation with the College of Engineering and Physical Sciences Student Council (CEPSSC). CEPSSC recognizes any body of students assembled for any reason pertaining to the furtherance of the objectives set out by CEPSSC.

All groups wishing to be registered with the College of Engineering and Physical Sciences Student Council must file an application for registration, Student Organization Policy (SOP) for Accredited Student Organizations (ASOs), on an annual basis, regardless of previous SOP status. The application must be approved by CEPSSC for the organization to achieve SOP status and affiliation with CEPSSC; in order to be approved, the application must be complete and then verified by the CEPSSC executive member responsible for the accredited clubs. Once approved, the group will receive a letter confirming registration. Registration under CEPSSC will remain valid from the date of approval until the end of the fourth week of the succeeding fall semester. All groups, once registered, must notify CEPSSC whenever there is a change in officers or responsibilities of the officers.

Responsibilities

The College of Engineering and Physical Sciences Student Council is deemed an official Primary Student Organization (PSO) by the University of Guelph; as such, CEPSSC will be held financially responsible for all debts (subject to the limitations set out in the CEPSSC Policy Statement) to the University incurred by and on behalf of those groups registered under CEPSSC. Accredited clubs must confirm their status by conforming to the regulations of the CEPSSC Clubs Policy, and Article XV Clause C of the CEPSSC Constitution. In particular, accredited clubs must send a representative to regular CEPSSC meetings (as per Article IV Clause A of the CEPSSC Constitution), conform with Student Risk Management policy when planning and running events, and submit budget information when requested by council.

Disqualification

CEPSSC (as a PSO), and/or the Office of Student Affairs, reserves the right to suspend or deny registration of a student organization if it is found that the organization has not abided by a University, Provincial or Federal ordinance, written policy or regulation, or if the group has not discharged its liabilities to the University. These policies include the CEPSSC Policy on Clubs and Article XV of the CEPSSC Constitution. Any decision of CEPSSC or the Office of the Provost to deny or suspend registration to any group may be appealed to the University Judicial Committee.

Clubs with incomplete SOP information will not be granted funding or any other support from CEPSSC until their SOP application is completed in full and has been approved.

College of Engineering and Physical Sciences Student Council Student Organization Policy for Accredited Student Organizations

Certification Statement

Please have two executive members of your organization wishing to be responsible for your College of Engineering and Physical Sciences Student Council Student Organization Policy sign this certification statement.

We, of the University of Guelph organization do hereby testify that:

1. A minimum of three-quarters (3/4) of the voting members and officers of the group are full-time or part-time students at the University of Guelph. Full-time students must be registered or have been registered for one of the previous two semesters and be eligible to continue in a recognized program, whereas part-time students must be registered for the current semester;
2. Our organization does not exclude members on the basis of race, ancestry, place of origin, colour, ethnic origin, citizenship, creed/religion, sex, sexual orientation, (dis)ability, age, family status, record of offences, or receipt of public assistance;
3. The content of this application for registration with the College of Engineering and Physical Science Student Council is complete and correct to the best of our knowledge;
4. We understand that any misinformation enclosed in this document will be sufficient grounds for withholding approval of for disqualification at any time from registrant and affiliate status with CEPSSC;
5. We hereby grant CEPSSC the right to verify any and all information within this application.

Constitution

Please attach a copy of your constitution or, if not currently available, please detail the following:

1. Purpose of your club;
2. Duties and responsibilities of your executive officers and members;
3. Election procedures;
4. Voting procedures;
5. When, where and how often your meetings are held (Please include your campus mailing address, and your telephone extension if you have an office).

If you have attached a constitution, and none of the above information is written therein, please write it in at the bottom of this page.

NOTE: VERY IMPORTANT!!! Your organization cannot, under Student Organizational Policy, remain accredited under CEPSSC if a constitution is not submitted. Therefore, please be advised that the approval of this application (if a true and final constitution is not enclosed) is conditional upon the receipt and approval of a finalized constitution within thirty (30) days of registration. If this regulation is not complied with, immediate disqualification of your organization shall result.
